

CERTIFICATE OF ANALYSIS
LAVENDER OIL - ORGANIC
ITEM: E1080
LOT: 012025

Date of Production: July, 2025

Expiration Date: July, 2028

Description: Lavender essential oil is obtained by steam distillation of the flowering tops of *Lavandula angustifolia*.

Scientific Name: *Lavandula angustifolia*

Parameter	Unit	Min	Max	Result
1,8-cineol	%		3	0.856
cis- β -ocimene	%	1	9	3.849
trans- β -ocimene	%	1	7.7	2.779
camphor	%		1.5	0.208
linalool	%	20	40	32.135
linalyl acetate	%	20	45	30.027
terpinene-4-ol	%	2	6	2.578
lavandulyl acetate	%		5.14	3.508
lavandulol	%		1.22	1.081

Shelf life is expected to be three years from the date of production if the product is stored in the unopened original container between 15°C - 30°C, protected from light. Because this material is sensitive to oxidation, it is saturated with nitrogen and sealed with nitrogen atmosphere for protection. If containers are opened for sampling, be sure to refill atmosphere with nitrogen. Containers that have been opened should be tested at least yearly to ensure quality. Although Jedwards International, Inc. believes the above information to be accurate based on the information available to Jedwards, it is the responsibility of the customer and user of the material to perform its own investigation and due diligence prior to use to verify that the product purchased from Jedwards meets their quality requirements and is appropriate for the use to which the product is to be put. The information provided above shall be considered effective only for the lot with which the information is being provided. Use and purchase of this material is subject to Jedwards International, Inc. standard terms and conditions, which supersede any conflicting terms contained on Buyer's purchase order or any document or instrument supplied by Buyer.

SAFETY DATA SHEET

01. IDENTIFICATION

NAME OF PREPARATION OR SUBSTANCE: Lavender Oil - Organic (*Lavandula angustifolia*) (E1080)
TRADE NAME: Lavender Oil - Organic
CAS No.: 90063-37-9
CAS No. USA: 8000-28-0
EINECS / ELINCS / EC No.: 298-995-2
FEMA No.: 2622

SUPPLIER NAME: Jedwards International, Inc.
SUPPLIER ADDRESS: 141 Campanelli Drive
Braintree, MA 02184 USA
(617) 472-9300
TELEPHONE NUMBER: For manufacturing and repackaging use only
RECOMMENDED USE: Chemtrec 1-800-424-9300 (24 hrs.)
EMERGENCY TELEPHONE NUMBER:

02. HAZARD IDENTIFICATION

SYMBOLS: Xn, Xi – Harmful, irritating
R PHRASES: 36/38, 43, 51/53, 65
SKIN IRRITATION: 2, H315
SKIN SENSITIVITY: 1B, H317
EYE IRRITATION: 2, H319
AQUATIC CHRONIC: 3, H412

Irritating to skin. May cause sensitization by skin contact. May cause lung damage if swallowed. Keep out of the reach of children. Harmful to aquatic organisms, may cause long term adverse effects in the aquatic environment.

03. COMPOSITION/INFORMATION ON INGREDIENTS

The oil is a COMPLEX NATURAL SUBSTANCE, obtained by steam distillation of flowering tops of lavender plant.

BOTANICAL NAME: Lavandula vera D.C.= Lavandula angustifolia P. Miller
SUBSTANCE NAME: Lavender Oil
EC No.: 289-995-2
REACH Pre-Registration No.: SY240185-04
CAS No.: 90063-37-9 (EU)
800-28-0 (USA)

Main component s	CAS No	Relevant UN GHS Class.	Relevant EU DSD Class.	%
Linalylacetate	115-95-7	SCI 3; EH A2	NC	25 – 55
Linalool	78-70-6	ATO 5(3000);SCI 2; EH A3	Xi; R38	20 – 37
1,8-cineole				< 1,5

04. FIRST AID MEASURES

INHALATION:

Remove from exposure site to fresh air. If breathing is difficult, seek medical attention. In case of unconsciousness, place patient stably in a side position for transportation.

SKIN CONTACT:

Remove contaminated clothing/shoes and wash with plenty of soap and water. If any irritation persists, get medical attention.

EYE CONTACT:

Rinse immediately with plenty of water for 15 min while holding eyelids apart. In case of any irritation get medical attention. Remove contact lenses if easy to do so.

INGESTION:

Do not induce vomiting. Drink lots of water or milk to dilute substance. Get medical attention.

MOST IMPORTANT SYMPTOMS/EFFECT BOTH ACUTE AND DELAYED:

AFTER EYE CONTACT:

Eye Conjunctiva reddening, irritating effects

AFTER SKIN CONTACT:

Local redness, swelling, itching and/or pain, irritation, allergic reactions.

AFTER INGESTION:

nausea, vomiting, aspiration hazard

AFTER INHALATION:

cough, pain, suffocation, difficulty breathing

05. FIRE FIGHTING MEASURES

EXTINGUISHING MEDIA:

Carbon dioxide, foam or dry powder extinguishers, spraying extinguishing media to the base of flames.

UNSUITABLE EXTINGUISHING MEDIA:

Do not use direct water jets on burning material.

UNUSUAL FIRE / EXPLOSION HAZARDS:

Flammable liquid, keep away from heat, sparks, open flames; emits toxic fumes under fire conditions.

SPECIAL MEASURES:

Avoid vapor inhalation. Wear protective clothing in order to prevent contact with skin and eyes.

JEDWARDS
INTERNATIONAL, INC.

06. ACCIDENTAL RELEASE MEASURES

PERSONAL PRECAUTIONS:

Avoid inhalation and direct contact with skin and eyes. Use individual protective equipment (safety glasses, waterproof boots, suitable protective clothing) in case of major spillage)

ENVIRONMENTAL PRECAUTIONS:

Do not discharge the product into lakes, streams or public waters. Inform respective authorities in case of seepage into water course or sewage system.

CLEANUP PROCEDURES:

Small spills should be absorbed by filter paper, sand or other suitable absorbent material, allowing recovery of the product. In case of large spills, use an inert or non-combustible inorganic absorbent material. If it can be done without danger, dike and pump as much liquid as possible with explosion proof or hand pump. Dispose of in approved and properly labelled disposal container. Observe local disposal regulations.

07. HANDLING & STORAGE

HANDLING:

Apply good manufacturing practice and industrial hygiene practice. Wear safety glasses, rubber gloves. Do not drink, eat or smoke when handling. Prevent formation of aerosols.

STORAGE:

Store in cool, dry, ventilated premises away from direct sunlight, heat and open flames, recommended temperature 15-20°C. Keep containers tightly closed while not in use to prevent product degradation. The general rules according to ISO/TR 210:1999 are recommended.

08. EXPOSURE CONTROLS/PERSONAL PROTECTION

EXPOSURE CONTROLS:

VENTILATION:

Not normally required. Local mechanical exhaust may be needed in confined and warm areas.

SAFETY STATIONS:

Use safety glasses. Avoid contact with skin. A safety shower should be readily available.

CONTAMINATED EQUIPMENT:

Clean contaminated equipment with soap and water. Do not discharge wash water into lakes, streams, ponds or public waters.

PERSONAL PROTECTION EQUIPMENT:

EYE PROTECTION:

Wear safety glasses or goggles.

HAND PROTECTION:

Wear rubber gloves.

SKIN PROTECTION:

Wear a rubber apron when handling large quantities of the material.

RESPIRATORY PROTECTION:

A respirator is not normally used.

09. PHYSICAL & CHEMICAL PROPERTIES

APPEARANCE:

Fluid transparent liquid

COLOR:	Natural variation – Colorless to pale yellow
ODOR:	Characteristic of the lavender flowers
BOILING POINT °C:	204°C
SOLUBILITY IN HIGH PROOF ETHANOL 75%:	1:2
SOLUBILITY IN WATER AT 20°C:	1.15g/L
MELTING/FREEZING POINT AT 101 325 Pa:	-20°C
INITIAL BOILING POINT AND BOILING RANGE AT 101 326 Pa:	172°C
FLASH POINT / CLOSED CUP:	72°C
AUTO-IGNITION TEMPERATURE AT 101 325 Pa	250°C

10. STABILITY & REACTIVITY

STABILITY:	Stable under normal conditions.
CONDITIONS TO AVOID:	Prolonged exposure to excessive heat, open flames and/or air.
INCOMPATIBLE MATERIALS:	Avoid contact with strong acids and oxidizing agents.
HAZARDOUS DECOMPOSITION PRODUCTS:	None known.

11. TOXICOLOGICAL INFORMATION

HARMFUL

HEALTH HAZARDS:	
ACUTE TOXICITY:	Oral LD50 (rat) > 5g/kg Dermal LD50 (rabbits) > 5g/kg
CARCINOGENICITY:	None established
MUTAGENITY:	None established.
TOXICITY FOR REPRODUCTION:	None established.
PHOTO SENSIBILITY:	None established.
INHALATION LC50:	None established.
INGESTION:	None established
SKIN CONTACT:	classified as irritant to the skin.
EYE CONTACT:	classified as an eye irritant

Note: The above effects are based on evaluation of individual components and the relevancy to the mixture as whole or to humans is unknown.

OTHER EFFECTS:	None established.
----------------	-------------------

12. ECOLOGICAL INFORMATION

BIODEGRADABILITY:	Readily biodegradable
BIOACCUMULATION:	Not determined
FURTHER INFORMATION:	Prevent contamination of soil, ground and surface waters. Do not discharge product unmonitored into the environment.

13. DISPOSAL CONSIDERATIONS

Do not discharge into drains, water courses or on ground. Do not allow product to reach sewage system or any water course. Do not pollute lakes, waterways or canals with chemicals or used containers.

BULKNATURALOILS.COM
JEDWARDS
INTERNATIONAL, INC.

Empty containers can retain product residues, follow the label warnings even after the container is emptied. Discard content / container in accordance with local / regional / national / international regulations. Empty containers must be transported to an approved waste disposal site for recycling or disposal.

14. TRANSPORT INFORMATION

Not Regulated

15. REGULATORY INFORMATION

R52/53:

Harmful to aquatic organisms. May cause long term adverse effects in the aquatic environment.

16. OTHER INFORMATION

Essential oils must be diluted prior to use. It is the sole responsibility of the user to determine the method and amount of dilution required for safe use, which may vary depending on the nature of the intended use. Keep away from children and pregnant women.

Cosmetic Directive 7th Amendment:

Restrictions may apply. A source of Limonene, Linalool listed as Sensitizers. Check maximum usage levels for skin care products.

Revised on 6/14/2024.

The information provided above is intended only as a guide to the appropriate precautionary handling of the material by properly trained personnel using this product. It is the responsibility of the customer and user to ensure it has in place provisions for the safe and proper handling of the material. Although Jedwards International, Inc. believes the above information to be accurate based on the information available to Jedwards, it is the responsibility of the customer and user of the material to perform its own investigation and due diligence prior to use to verify that the product purchased from Jedwards meets their quality requirements and is appropriate for the use to which the product is to be put. Use and purchase of this material is subject to Jedwards International, Inc. standard terms and conditions, which supersede any conflicting terms contained on Buyer's purchase order or any document or instrument supplied by Buyer.
